- A current version of Windows or Mac OS, 1GB of ram, 350MB of available hard disk space.
- Software that enables you to receive and access PDF files, such as Adobe Acrobat Reader. For information on how to download, refer to the E-SIGN Disclosure.

You may also access the service by utilizing a variety of mobile devices with an up-to-date operating system. Either method chosen requires a current Internet browser. You are responsible for the installation, maintenance, and

security and monitoring of your own device. We are not responsible for any errors or failures caused by any malfunction of your device and we are not responsible for any virus or related problems that may be associated with the use of your device. You are also responsible for any telephone or data charges incurred in connecting to your Internet Service Provider (ISP) that gives you access to the Internet including Short Message Services (SMS), or what is commonly referred to as text messaging.

Online Banking Access

As the primary user, you are considered the administrator who is responsible for managing your OSFCU Online service. As administrator you will be granted access to all of the enrolled online banking accounts and services. The administrator, at his or her sole discretion, can create and authorize other individuals to act as a user of OSFCU Online. The administrator can add, delete or change the access authorities for a user including the accounts and services they are allowed to access and the dollar amount of the transactions they are allowed to process.

Designating an authorized user provides access to OSFCU Online and does not change ownership or provide authorization to these users to transact on your behalf in any other manner (i.e. at a branch location). By granting an individual access to your accounts as an authorized user with a user ID and password you expressly agree to take responsibility for all activity initiated by those individuals. In effect, you have authorized each transaction to take place as though you yourself have completed them and OSFCU will not be held liable for individual user actions.

The administrator and each user that has been afforded the authority to access accounts through OSFCU Online will have a unique user ID and password. Your user ID and password are initially set by you and subsequently can only be changed by you. The user ID designated for an authorized user can be issued and changed only by you, the administrator. The password for an authorized user is initially set by you, the administrator, and subsequently changed by the authorized user at first logon.

Generally, you should change your passwords frequently to help safeguard the security of your accounts. You may change your password under the Service Center Profile section. OSFCU employees will never contact you via e-mail or by telephone requesting your online password or any other personal information. If you are contacted by anyone requesting this information, do not provide it and contact the OSFCU Member Service Center immediately at 716-778-7423 or toll free at 800-439-6000.

It is critically important to keep your user IDs and passwords confidential to prevent unauthorized transactions on your bank accounts. In the event that you wish to change authorization (i.e. as a result of personal changes in your relationships, or for any other reasons) it is your sole responsibility to revoke access to protect against improper use of OSFCU Online by the individual(s) you have authorized.

If you suspect any misuse of OSFCU Online by an authorized user you, the administrator, should revoke that individual's access immediately and inform us AT ONCE if you believe your password and user ID have been compromised or may be compromised. You may contact us by calling 716-778-7423 or toll free at 800-439-6000 and speak with the Member Service Center.

OSFCU's hours are:

- Monday through Tuesday from 9:00 am until 4:30 pm
- Wednesday through Friday from 9:00 am until 5:00 pm

If you prefer to contact via written correspondence address your envelope to:

- Ontario Shores FCU, 2890 Transit Road, P.O. Box 9, Newfane, NY, 14108.

It is important to note that in order to minimize the risk of loss, we strongly suggest that you call us immediately and then confirm in writing. Unless you have been grossly negligent or have engaged in fraud, you can lose no more than \$50.00 if you fail to give us notice of your lost or stolen user Id and password and they are used without your permission.

If you wish to cancel a recurring transfer, you must cancel the transfer before 12:00 midnight the night before the scheduled initiation date that the transfer occurs. For example, a cancellation may occur at 11:59pm on January 1 if the payment is scheduled for January 2.

If you schedule an immediate account-to-account or person-to-person transfer, you must have adequate available funds in your account at the time the transfer is initiated. The funds will be deducted from your account immediately.

If you schedule a future-dated or recurring account-to-account transfer or person-to-person transfer you must have adequate available funds in your account when we attempt to transfer the funds. This will occur at 8:00 am on the scheduled date of transfer.

If a transfer fails because you did not have enough funds in the designated transfer account we will send you an email indicating a failed attempt and we will take no further action. Bank-to-Bank Transfers

This service allows for transfers to or from your checking or savings type of accounts held at Ontario Shores Federal Credit Union and at another financial institution. Bank-to-bank transfers are accomplished by ACH debit and credits. Accounts maintained at the other financial institution must be either a checking or a savings type of account and must be in your name

You may set up a bank-to-bank transfer under the 'Transfer Funds - Add Bank to Bank Transfer' screen. You must enter the other financial institution's routing number and your checking or savings account number. In most cases, you may find this information at the bottom of a check or deposit slip. Within a few days, your account at the other financial institution will receive two small deposits which must be verified by you before the transfer service can be initiated.

Statement Savings and Money Market Statement Type Account Limitations

You may make as many in-person withdrawals as you wish. For any savings, including Money Market statement type accounts, Federal law limits the number of telephone and/or third (3rd) party electronic fund transfers from your account to no more than six (6) per statement cycle. This limit includes those conducted by OSFCU Online, POS transactions, overdraft protection transfers, ACH transactions, online bill payments and online transfers.

Stop Payments

Your stop payment requests must follow the procedures and specifications established by OSFCU. You must provide us with timely, complete and accurate information on the following:

- A. The number of the account against which the item is drawn
- B. The check number
- C. The exact amount (dollars and cents) of the item
- D. The name of the payee
- E. The reason for the stop payment

Complete accuracy is essential since stop payment orders are processed by computers operating on the basis of precise data. If any of the required information is incomplete or incorrect your stop payment order may not be processed and we will not be responsible for failing to complete the order. However, if all terms and conditions have been satisfied and we fail to process a stop payment order of a preauthorized transfer from your account, we may be liable.

Stop payment requests, which cover a range of checks that are missing or stolen, may be processed by us without regard to the dollar amount. A stop payment order becomes effective when we confirm its receipt and have verified that the item has not been paid. We will not be able to verify this immediately for items paid more than 180 days prior to your request. Stop payment orders are in effect for six (6) months and can be renewed after the six (6) month period upon your written request. Failure to renew the stop payment order may result in the item being paid. Periodically, our systems may be inoperable. If that occurs, you may transmit stop payment orders by telephone instruction. You are advised that under applicable state law, stopping payment on a check may not relieve you of your obligation to pay the check.

Alerts

This service is designed to provide real time notification of important information related to your OSFCU account(s) such as a low balance or the occurrence of an overdraft. If you subscribe to our alert service you will be asked to select either email or text messaging (SMS) as a method of delivery. You are responsible for any telephone or data charges incurred in connecting to your ISP that gives you access to this alert service including SMS services.

We do our best to provide alerts in a timely manner with accurate information, but alerts may be delayed or prevented by a variety of factors beyond our control such as system failures or misdirected delivery. We don't guarantee the delivery or accuracy of alerts and the contents of an alert may be outdated by the time the alert is sent or received resulting from other account activity or delays in sending data among various systems. You agree to keep your alert contact methods up to date and accurate and further agree that we are not liable for any delays, failure to deliver, or misdirected delivery of any alert, for any errors in the content of an alert or for any actions taken or not taken by you or a third party as the result of an alert. Ontario Shores Federal Credit Union reserves the right to terminate any request for any alert at any time.

You understand and accept that alerts are not encrypted and while we will never include your password or full account number in the alert, we may include limited information about your account and anyone with access to your alerts will be able to view the contents of these messages.

Bill Payment

If you have chosen this option, you may make payments from a checking account(s) that you have designated for bill payment. Your payments will be made either electronically to the person or business you are paying ("payee") or by sending the payee a paper check.

The Bill Payment system will show a "Send On" date and a "Deliver By" date of the payment when you select the calendar. It is advised that you schedule payments in advance to ensure that the "Deliver By" date is on or before the payment due date. While most payees can be paid by using the bill payment feature, we reserve the right to refuse to pay certain payees. You agree that payment transactions executed through an automated clearinghouse will be subject to the rules of the National Automated Clearinghouse Association (NACHA).

"Send On" Date VS. "Deliver By" Date

When scheduling a bill payment, note the difference between the "Send On" date and the "Deliver By" date; the "Send On" date is the date we will attempt to deduct the payment amount from your designated account. If the attempted deduction fails because you did not have enough funds in your primary account, we will send you an email indicating this situation. If the second attempted deduction is not successful, the transaction will be cancelled and you will be responsible for rescheduling. If the second attempted deduction is successful, the payment will be processed and remitted to the payee, however the "Deliver By" date will be one business day later. If you receive an email because the first attempted deduction was not successful, you should access OSFCU Online to determine the date of the second deduction attempt.

If you schedule a payment with the "Send On" date as the current date, you must have adequate available funds in your account at the time the payment is scheduled. The funds will be deducted immediately. If you schedule a payment with the "Send On" date in the future, there must be adequate available funds in your account when we attempt the deduction. This can occur anytime between 12:01 am and 3:00 pm EST of the "Send On" date.

The "Deliver By" date is the date that you can expect the payee to receive your payment. The "Deliver By" date for your payment should be no later than the due date the payee has indicated for the payment.

Bill Payment Transaction Limits

OSFCU Online Bill Pay has a per transaction limit up to \$25,000.00 or your available account balance, whichever is less.

Canceling Bill Payments

We may cancel a bill payment if we have reasonable belief that the payment is fraudulent. If we cancel a payment, we will attempt to contact you to inform you of this action. You may cancel an outstanding bill payment anytime through OSFCU Online. "Future" and "Recurring" bill payments may be cancelled or changed up until 12:00 midnight of the night before the "Send On" date of the transaction.

Payment Guarantee

If a properly scheduled payment is not received and posted on time by the payee, we will attempt to have any late fees or assessed finance charges removed. Note that finance charges are calculated based on your payment amount rather than your entire balance. If the payee is unwilling or unable to remove the charges incurred, we will pay the fees and finance charges directly to the payee. In addition, we will attempt to have your account noted appropriately to ensure that the situation does not negatively impact your credit rating.

- A. The payment was scheduled to be delivered on or before the due date of your bill, excluding any grace periods.
- Exception: Mortgage payments may be scheduled so that the payment is sent on or before the due date, excluding grace periods. For example, a mortgage payment due on July 1st, with a 15 day grace period must have a "Send On" date no later than July 1st.

The payment amount did not exceed the \$25,000.00 transaction limit.

The information supplied by you was correct (i.e. the payee name and address, your name and account number as it appears on the payee's records).

The payments did not fail due to insufficient funds or other reasons.

You may use the Bill Pay service to process payments to the following payees. High risk payees include:

- j. You are responsible for any charges incurred from your wireless provider in connecting to mobile banking and utilizing the services provided.

Receipt of account information through Mobile Banking may be delayed or impacted by factor(s) pertaining to your phone carrier or other parties outside of the Bank's control. You are also responsible for any telephone or data charges incurred in connecting to your ISP that gives you access to the Internet or SMS services. Also, nothing about Mobile Banking creates any new or different liability for us beyond what is already applicable under your existing account agreements.

Stopping Pre-Authorized Payments

UNLESS OTHERWISE PROVIDED IN THIS AGREEMENT, YOU MAY NOT STOP PAYMENT OF ELECTRONIC FUND TRANSFERS. THEREFORE, YOU SHOULD NOT EMPLOY ELECTRONIC ACCESS FOR PURCHASES (SUCH AS DEBIT CARD AND OSFCU ONLINE) UNLESS YOU ARE SATISFIED THAT YOU WILL NOT NEED TO STOP PAYMENT.

If you told us in advance to make a regular payment to a third party out of your account, you can stop these payments by calling OSFCU at 716-778-7423 or toll free at 800-439-6000 to speak with a Member Service Representative Monday and Tuesday between the hours of 9:00 am and 4:30 pm; and Wednesday through Friday between 9:00 am and 5:00 pm. If you prefer to send written correspondence, the address is Ontario Shores FCU, 2890 Transit Road, P.O. Box 9, Newfane, NY 14108-0009.

We must receive your request at least three (3) business days before the payment is scheduled to be made. If you call, we will also require you to put the request in writing and submit it within fourteen (14) calendar days after you call. We will charge you our standard checking account stop payment fee in effect at the time you stop payment. Refer to our separate fee schedule for the amount we will charge you for each stop payment order you request. The initiation by you of certain electronic fund transfers from your account will, except as otherwise provided in this agreement, effectively eliminate your ability to stop payment of the transfer. If you order us to stop one of these payments at least three (3) business days before the transfer is scheduled and we fail to do so, we will be liable for your losses or damages.

If these regular payments vary in amount, the payee should inform you ten (10) calendar days before each payment, when it will be made or how much it will be. You may choose instead to get this notice only when the payment would differ by more than a certain amount from the previous payment, or when the amount would fall outside of a certain limit. You may set these certain amounts or limits at any amount you desire.

Liability for Failure to Make Online Transfers or Payments

If we do not complete a transfer to or from your account or a payment on time or in the correct amount according to your instructions and in accordance with this agreement and disclosure, we will be liable for limited losses or damages. However, we will not be liable in the following situations:

- A. Any other specific exceptions stated in our agreement with you and/or listed below
- B. The payment or transfer is to a high risk payee as defined above
- C. If, through no fault of ours, your account has insufficient funds to make the transfer or payment

Documentation and Verification of Transfers and Payments

Confirmation Numbers: Upon completion of a bill payment using OSFCU Online, you will be given a confirmation number. You should record this number, along with the payee, scheduled date and transaction amount in your checkbook register (or other permanent record), because this will help in resolving any problems that may occur. No printed receipts are issued through OSFCU Online.

Periodic Account Statement: You will get a periodic account statement from the Credit Union for your checking, Money Market and savings accounts. Any transfers or bill payments conducted on the Internet through the OSFCU Online service will appear on your account statement.

Overdrawing Your Account

If an overdraft in your account does occur, you will pay the full amount of the overdraft and associated fees to the Credit Union immediately upon request. This paragraph does not apply to Line of Credit Accounts; see the following paragraph for details on Line of Credit Accounts.

Line of Credit Accounts Only

If you use OSFCU Online to withdraw or transfer money from your account, and the withdrawal or transfer creates an overdraft in your account, a loan will be made to you in accordance with your Line of Credit Agreement to cover the amount of the overdraft, provided that there is enough left of your Line of Credit maximum credit limit under your Line of Credit Note to cover the amount of the overdraft. Using your user ID and password to make a withdrawal or transfer when there is not enough money in your account to cover the withdrawal or transfer is a written order by you requesting the loan. Except to make these loans, you agree that you will not use your user ID and password to overdraw your account. If an overdraft in your account does occur, you will pay the full amount of the overdraft, plus overdraft transaction fees, to the Credit Union immediately upon request.

Security Procedures

OSFCU Online system employs encryption to ensure the secure transmission of data. The system also utilizes risk based monitoring tools and reverse authentication to protect against phishing attempts. These methods include a user selected image to identify the Credit Union's online banking site, user selected challenge questions, out of wallet challenge based questions and out of band confirmation codes. By using OSFCU Online, you agree that the online banking security procedures are reasonable and sufficient to ensure that all transaction requests such as bill payment and transfer instructions or other communication we receive from you have in fact, been made by you. You must consider the size, type and frequency of transactions or other communications that you anticipate making when determining whether you consider the Credit Union's online banking procedures to be sufficient. In short, by using

OSFCU Online, you have determined that OSFCU Online is secure for your purposes.

The Credit Union will require users to answer security questions or to provide a confirmation code to process certain transactions and changes to OSFCU Online. This helps ensure information is secure and protects you from fraud and identity theft.

If the size, type and frequency of your transactions change, and you determine that the online banking security procedures cease to be reasonable and sufficient, you must inform the Credit Union of this immediately. Such a determination means you will no longer use OSFCU Online for any purposes. If you wish to learn more about online banking security, please ask us.

Notwithstanding any security procedure which may from time to time be in effect for detecting errors in transactions covered by this agreement, we have no duty to discover or report to you any such errors. Neither shall we be liable to you for the failure of such security procedure to detect such errors, regardless of the manner in which we apply such security procedures.
